## June 2021

### Update about Expansion

Due to COVID, we hit more delays than we originally planned for, but we are happy to say that we are motoring along on the second phase of our renovations. We are transforming the old Infant room into a Toddler room of 10 children and the old sleep room will turn into a hallway joining the units and provide some extra office/staff space. We have a maximum of 10 weeks to open our new Preschool and new Toddler program so they will be operational by the end of July at the very latest. We thank you all for your patience and understanding as things are taking quite longer than normal due to the pandemic, but we are moving as fast as we can to be able to provide more spaces to you and our community.

SUMMER

Please make sure your child is prepared for Summer weather. They must have Sunscreen and a Brimmed hat (Sunglasses are optional) everyday to be ready for outdoor play!

## Heat and Smog Advisories

Please note that we must take all heat and smog warnings or advisories into consideration daily. As much we want to go outside and be active everyday, sometimes it is not possible. We understand your frustration that on some days your child is cooped up inside all day, but we have specific temperature limits that prohibit us from going outside from time to time. Please know that we have your child's best interest in mind when we stay inside and are taking responsibility to protect them from the sun and heat. Thank you for your understanding.

## Portugal Menu Day - June 22<sup>nd</sup>
